# Visual Map Template: [Your Project Name]

Use this blank visual map template to capture how your artistic goals connect to intended social impact, the needs of your target group, potential tensions, and strategies to harmonize them. Replace each placeholder with your project-specific content and refine it collaboratively as your plan evolves.

Use this dynamic visual tool to explore your project like a creative workshop: map your artistic intentions, the change you hope to spark, who you're creating with/for, and where tensions might appear. Add notes freely, draw connections, and revisit the map as your ideas evolve — it's meant to move and grow with you.
